

WHAT'S NEXT?

FIND YOUR AFTER-SERVICE OCCUPATION ONLINE

INTERESTED IN SEEING HOW YOUR MILITARY EXPERIENCE STACKS UP TO A CIVILIAN OCCUPATION OR CREDENTIAL?

The MilGears Suite of Tools includes an "Interest Profiler" that can help you discover the type of work activities and occupations you may like and match your preferred work style and activities to occupations that may interest you.

- Answer a brief series of questions designed to gauge your level of interest in different types and styles of work.
- Each question will feature a set of images that represent a particular work style that best describes your interest in performing the listed activity.
- The activities shown in the images do not represent the exact job tasks you would perform but are meant as examples of the type of work you may prefer.
- When you have completed the questions, the profiler will display a list of occupations that match your interests.

Connect with your Transition Readiness Program office to learn more about the Transition Readiness Seminar requirements and to learn more about the resources available to you as you prepare to transition.
