TOW VEHICLE INSPECTION REQUIRED PRIOR TO RENTAL RESERVATION

# MINIMUM TOWING REQUIREMENTS

*All trailer rentals are required to have a vehicle inspection conducted by REIS at the REIS facility before any reservations are finalized, regardless of prior rental history, to ensure vehicle is adequate and able to pull the trailer. Listed below are the minimum requirements of the vehicle. Other aspects of the vehicle, such as tire pressure and wear, turn signals and lights, and wiring harness, will be inspected before the trailer is released.*

*Please Note: These are general specifications, for more detailed specifications on individual items, please see the REIS office for additional documents. Customers should be sure to note any/all damages to trailer at time of check-out to avoid fees upon return. Towing combination between MCCS trailers and individual vehicles will be evaluated at time of reservation to ensure safe combination.*
